POST-EVENT NARRATIVE & ACCOMPLISHMENT REPORT

Official Student Organization Post-Activity Documentation Form

I. POST-EVENT SUMMARY & VERIFICATION

Organization Name:	**Governing League of I.T. Challengers (GLITCH)**
Approved Event Title:	**CodeCraft 2026: Inter-Departmental Hackathon & Innovation Expo**
Associated Proposal Ref:	OSAS-EP-2026-0038 (Approved on October 12, 2026)
Date Executed:	October 28, 2026 (Completed within approved schedule)
Approved Venue:	Computer Laboratories 1 & 2, PUP San Juan Campus
Actual Attendance:	**138 Registered Student Participants (Target: 140)**
Overall Evaluation Score:	**4.86 / 5.00 (Exemplary Rating based on 124 feedback forms)**
Submitted by:	cedrick.mariano@pup.local (GLITCH President)

II. EXECUTIVE NARRATIVE & MAJOR HIGHLIGHTS

CodeCraft 2026 commenced promptly at 8:00 AM with 28 interdisciplinary teams presenting working code by 6:30 PM. A total of 138 students successfully deployed functioning web and mobile prototypes addressing smart campus governance, emergency medical routing, and student record request workflows.

Winning Prototypes Recognized by Jury Panel:

- 1st Place (Champion): Team 'Sentinel': Automated Student Disciplinary Log & Audit Trail
- 2nd Place: Team 'AgriByte': Smart Hydroponics Telemetry Dashboard for Campus Science Lab
- 3rd Place: Team 'PUP-Connect': Offline-First P2P Campus Notes Exchange App

III. CHALLENGES ENCOUNTERED & CORRECTIVE ACTIONS

- Bandwidth Peak: Around 2:00 PM, concurrent package downloads exceeded initial lab quota.
  Action: ICT Administrator promptly bridged the backup fiber gateway without interrupting the contest.
- Food Distribution Flow: First-floor queue produced temporary bottleneck.
  Recommendation: Stagger lunch distribution across two dedicated classroom lounges in future editions.
